IT WAS ONLY A LEVEL 7.
才七级而已。
It was just an Electrobolt Panther.

Boss, you can now use the heavy sword in your human form to fight against level 8 beasts!
Doesn't that mean that after you Dragonize, you'll be stronger?
In these two years, I've been merging my dragonblood battle aura with my strength.
Using the techniques that my ancestors used, I finally developed the technique "Thunderbolt".
READMANGA TODAY
I'm still not that strong right now.
That's amazing! Then doesn't that mean this heavy sword is stronger than that softy one?

According to the records that my ancestors passed down, there are three stages on using a Heavy weapon.
FIRST IS ASSIMILATION
一是达到初步的同化；
SECOND IS 'WIELDING THE HEAVY AS THOUGH IT WERE LIGHT'
二是举重若轻；
AND THE THIRD WHICH THE MOST IMPORTANT ONE IS "IMPOSE"!
而第三个也是最重要的一个，就是"势"！
Impose? What is that?
I don't know either, maybe I'll understand it while training in the mountain range!

Then what kind of attack should i do to affect it?!
You can try another kind of attack on it.
Another kind?

You have hired me, ensuring your safety is my priority. But tell me, who exactly did you offend?
.....

I think the one who wishes to assassinate us is our stepmother.....
When my father died, she almost gained complete control of red cliff city, her aides are all highly skilled.
Dan En is returning to succeed my father's place as city lord. I'm afraid my stepmother is not someone who will surrender that power.

Dan Ni! Ji En! It has been so long since we met!

Mother.....

Dan Ni has became so much prettier, just like your birth mother.
Ji En has grown taller too.
This is Master Lei!
He's the one who escorted us all the way to Red Cliff City.
Oh, Mister Lei, I am so grateful for your assistance on behalf of Dan Ni and her crew.
Tonight I will host a feast in the castle, please join us Mister Lei.
I will attend the banquet, your invitation is most gracious.
As long as this Lei is around, it will be hard to remove the two siblings, even Que Er Mo was unable to handle him, what kind of tricks can we use to kill him?!
It seems.... I must resort to this method.....

Night falls, the Castle hosted a massive banquet.
I am grateful to the ladies and gentlemen partipating my banquet, today is a day of celebration!
My two pitiful children have suffered so much hardship these past yeare, today they have finally returned to Red Cliff City.
All these yeare, I have been busy with the matters of Red Cliff City, I did not have the time to give due care and concern to you,
Everytime when I think about it, I feel I owe you siblings a lot.

It has really been hard on Mistress Wei De.
Since that's the case why not let Ji En inherit the city throne earlier. I wonder, when does the mistress plan to hand over the throne to Ji En as the City lord?
What?!

Who is this man? So rude?!
He really is all brawn with no brains, so rude!
Looks like a warrior.....
Mister Lei, you escorted Dan Li and her crew to Red Cliff City, I am very grateful to you.....
But the inheritance is my family's internal matter as an outsider who are you to comment on it?
Who say Lei is an outsider?!
He saved our lives many times!

Hahaha..... Ji En, why are you so impatient, nobody will fight with you for the city lordship.
It is simply that you are not at the age of inheritance, why don't we wait for two more years, then after your coming of age ceremony you inherit the city lordship.
Two Years?

Mistress Wei De, So for two more years Red Cliff City will be without a city lord, but a steward instead, don't tell me you will be the one doing it?
Red Cliff city is one of the Northwest province's most important cities, very close to the provincial capital.
After Ji En's father's passing, the family was informed that Ji En is only fourteen years old, they have ordered that Ji En must wait until after the coming of age ceremony to inherit the city.
If Red Cliff City faced a crisis, would you be able to handle the responsibility?

Master Lei....
Master Lei, I apologise, Ji En was too rash in his actions.
It's alright, just that I don't understand...
Why, when Mistress Wei De mentioned the Family, would you stop us from pursuing the matter?
READMANGA TODAY

This is because the whole northwest province is controlled by our Family, their word is law.
That's why I had to stop Master Lei
If it were just defying our family it would be one thing, but this system is enforced by the O'Brien empire, and they in turn have the backing of the God of War!
So there is not a single person that would dare oppose an order from the family, in the end we have no say.....
READMANGATODAY
That evil old witch!
I refuse to believe the family would support her!
You think the family would sooner support a fourteen year old kid with no power or status?

Don't be disheartened, there is always a way.
Oh, thank you.
I feel a lot more secure with Master Lei around.
Master, dont tell me you wish to.....
